Product Description

Product Description:

Our seasoning powder is produced with the utmost care and attention to detail. We ensure that our products are safe and healthy for consumption, which is why our seasoning powder contains less than 3mg/kg of Arsenic (as As). Our seasoning powder is produced on May 24th, 2023, so you can be sure that you are getting the freshest and most flavorful product possible.

Our seasoning powder meets the executive standard for products, GB30616, which means that we adhere to strict quality control measures to ensure that our products are of the highest quality. Our seasoning powder comes in a convenient 25kg carton, perfect for use in commercial kitchens or for home cooking.

When it comes to storage and transportation, our seasoning powder should be kept in a dry and ventilated warehouse to avoid any contamination from other odors. It should also be protected from sunlight and rain during transportation. As long as the product remains sealed, its quality will be maintained for up to three years.

We offer a variety of different kinds of seasoning powder to suit all tastes and preferences. Whether you're looking for a spicy kick or a more subtle flavor, we have a seasoning powder that will meet your needs. Our seasoning powder is perfect for use in soups, stews, marinades, and more.

Try our seasoning powder today and taste the difference for yourself. With our high-quality ingredients and strict quality control measures, you can be sure that you are getting the best seasoning powder on the market.

Features:

Product Name: Chive Seasoning Powder for Food Flavoring in Compliance with Food Hygiene Law

Natural or nearly natural spice: Yes

Application: Food Flavouring

Storage and Transportation:

It should be stored in a dry and ventilated warehouse

Avoid sundry odors pollution

Sunlight and rain should be prevented during transportation

In condition that the product is sealed, the quality will be kept for three years

Date of Production: 2023-05-24

Seasoning and flavoring are two different things. Seasonings are ingredients that enhance the taste of food. Flavorings, on the other hand, are food additives that give food a particular flavor.

Therefore, Chive Seasoning Powder is used for food flavoring purposes, which means it enhances the taste of your food without giving it a particular flavor.

Technical Parameters:

Product Name	Chive Seasoning Powder for Food Flavoring in Compliance with Food Hygiene Law

Meat and European Sausage

Our savoury flavours are manufactured using some of the finest ingredients from around the world. Our flavours at low dosage rates deliver an authentic flavour profile to a wide variety of our customers finished products.

We offer an extensive range of flavours that can tolerate the strenuous conditions during the cooking and processing stages of manufacture. Komesz flavour has extensive experience in developing Meat, Vegetable and Seafood flavours for our customers.

Komesz flavour also has the ability to develop new savoury flavours which allows Komesz flavour to offer extensive savoury flavours tailored to our new and existing customers needs. Our meat flavours vary from roasted, boiled and braised dependant on the customers end requirement.
