

## Bulk Sweetener Stachyose Powder Stachyose Tetrahydrate 80% Stachyose

Our Product Introduction

for more products please visit us on fdcbiotech.com

### Basic Information

- Place of Origin: China
- Brand Name: KOMESZ
- Certification: HALAL
- Minimum Order Quantity: 25 kg
- Price: Negotiable
- Packaging Details: 25kg/bag or drum
- Delivery Time: 2 weeks
- Payment Terms: T/T, L/C
- Supply Ability: 100 tons per month

### Product Specification

- Grade: Food,A,Top Quality
- Type: Plant Extract
- Form: Powder
- Packaging: Drum,Bottle,Can
- Extraction Type: Solvent Extraction
- Appearance: White To Little Yellow Powder
- Test Method: Fine Powder, HPLC Or UV Or TLC Or GC
- Product Name: Stachyose
- Sample: Freely Offered,Available
- Shelf Life: 2 Years
- Specification: Food Grade
- Highlight: **80% Stachyose Powder, Tetrahydrate Stachyose Powder, Bulk Sweetener Stachyose Powder**

## Product Description

### Product Description

Stachyose is a naturally occurring tetrasaccharide. It is a functional oligosaccharide that can significantly promote the proliferation of bifidobacteria. Stachyose is refined and extracted from natural plants. The pure product is a white powder with a slightly sweet taste. The sweetness is 22% of that of sucrose. It has a pure taste without any bad taste or odor.

Type	Stachyose
Nutritional Value	Nutritional
Effect	Nutritional Oxidant/Sweetener
Resource	Natural
Transport Package	25kg/Carton
Specification	60/70/80

1. Stachyose tetrahydrate plays an important role in the proliferation, Stachyose can rapidly improve the environment within the human digestive tract, regulating micro-ecological balance

2. Stachyose can promote the formation of beneficial bacteria in the digestive tract the status of dominant bacteria, inhibition of endogenous carcinogens generation and absorption

3. Stachyose in the human has a role in promoting the intestinal short-chain fatty acids increased physical activity, lower cholesterol.

4. Stachyose is very suitable for people with diabetes to take, Stachyose will not cause adverse endocrine patient burden.

### Application of Stachyose Extract

1. Applied in the food field , it is added into kinds of beverage , liquor and foods as functional food additive.

2. Applied in the health product field , it is widely added into various kinds of health products to prevent chronic diseases or relief symptom of climacteric syndrome.
