

Plant Herbal Extract Protodioscin Total Saponins Powder Tribulus Terrestris Extract

Our Product Introduction

for more products please visit us on fdcbiotech.com

Basic Information

- Place of Origin: china
- Brand Name: komesz
- Certification: HALAL
- Minimum Order Quantity: 20kg
- Price: negotiated
- Packaging Details: 5kg
- Delivery Time: 5-8weeks
- Payment Terms: L/C, T/T

Product Specification

- Shelf Life: 2 Years
- State: Powder
- Sample: Available
- Origin: China
- Highlight: Tribulus Terrestris Extrac,
Total Saponins Powder Protodioscin,
Plant Herbal Extract Protodioscin

Plant extract is a product formed by using plants as raw materials, following a physical and chemical extraction and separation process to selectively obtain and concentrate one or more active ingredients in plants, without changing their structure, according to the needs of the final product being extracted. This natural extraction process ensures that the active ingredients retain their potency and effectiveness, making plant extract a valuable ingredient in various nutrition enhancers. With plant extract, businesses can enhance the nutritional value of their products while offering a natural and sustainable solution to their customers. Incorporating plant extract into formulations can provide added health benefits and appeal to consumers looking for clean label products.
