

Factory Supply Haematococcus Pluvialis Extract For Optimal Health

Our Product Introduction

for more products please visit us on fdcbiotech.com

Basic Information

- Place of Origin: china
- Brand Name: komesz
- Certification: HALAL
- Minimum Order Quantity: 20kg
- Price: negotiated
- Packaging Details: 5kg
- Delivery Time: 5-8weeks
- Payment Terms: L/C, T/T

Product Specification

- Shelf Life: 2 Years
- State: Powder
- Sample: Available
- Origin: China
- Highlight: **Haematococcus Pluvialis Extract, Health Haematococcus Pluvialis Extract**

Product Description

Model NO.	/
Certification	Tablet, Capsule
State	Powder
Extract Source	1% 2% 5% 10% Astaxanthin
Product Name	Haematococcus Pluvialis Extract
Application	Health Care Products, Medicine, Cosmetics
Extract Solvent	Water
Character	Red
Storage Condition	Neutral Cardboard Barrel & Leave in The Shady and
Trasport Method	by Air or by Sea.
Transport Package	25kg/Drum
Specification	1% 2% 5% 10% Astaxanthin
Part Used	/
Origin	China
Active Ingredients	/
Production Capacity	10000kg/Year

Product Description

Product Description

Product Description

Astaxanthin is a ketone or carotenoid, pink in colour, fat-soluble, insoluble in water, soluble in organic solvents, found in marine organisms such as shrimps, crabs, salmon, algae, etc. The human body is unable to synthesise astaxanthin on its own. Astaxanthin in the animal body can not be converted to vitamin A, it is the strongest antioxidant in nature.

Function:

Astaxanthin is a natural nutritional component, it can be found as a food supplement. The supplement is intended for human, animal, and aquaculture consumption.

Medical Use: Astaxanthin is a powerful antioxidant that it is 10 times more capable than other carotenoids, so it is beneficial in cardiovascular, immune, inflammatory and neurodegenerative diseases. It also crosses the blood-brain barrier, which makes it available to the eye, brain and central nervous system to alleviate oxidative stress that contributes to ocular, and neurodegenerative diseases such as glaucoma and Alzheimer's.

Cosmetic Use: For its high-performance antioxygenic property, it can protect the skin from ultraviolet radiation damage and effectively reduce melanin deposition and the formation of freckles to keep skin healthy. At the same time, as an ideal natural coloring agent for the lipstick can enhance the radiant, and to prevent the ultraviolet injury, without any stimulation, safe.
