Product Description

Strengthen the spleen and eliminate food, nourish the liver and improve eyesight, clear heat and detoxify, clear rash, reduce qi and relieve cough. For children with malnutrition, measles, night blindness, constipation, high blood pressure, gastrointestinal discomfort, fullness, bloating, etc. Improve the blood circulation of ischemic myocardium and scavenge oxygen free radicals. Nourishes the liver, improves eyesight, widens the diaphragm, widens the intestines, strengthens the spleen and removes chancre, enhances immune function, lowers blood sugar and lowers lipids. It can be used for gastrointestinal discomfort, constipation, night blindness (the role of vitamin A), man dysfunction, measles, whooping cough, malnutrition in children and other symptoms. It is more suitable for patients with cancer, hypertension, night blindness, dry eye, malnutrition, loss of appetite, and rough skin.

Applications:

- 1. Medical Purpose
Beta Carotene is recognized to have functions of anti-oxidation, anti-tumor, caducity resistance, etc., for instance, beta carotene can improve immunity of AIDS patients.
- 2. Food Additive
Besides caducity resistance and immunity improvement, beta carotene is also an important pigment and confirmed as nutritious food additive. Beta Carotene can be used as intensifying agent for lipid foods such as margarine salad oil and benne oil to help beta carotene absorption by human body.
- 3. Cosmetics
Beta Carotene's extractives contain abundant amino acid, vitamin, natural wet factor, microelement and other bioactive substances, and cosmetics (lipstick, kermes, etc.) added with beta carotene present natural and full color and luster and protect skin
